

Relative clauses (defining)

Crossword A

Crossword B

Instructions

You will need: one copy of the worksheet per pair

- Divide the class in half. Give a copy of *Crossword A* to each student in group A and a copy of *Crossword B* to those in group B.
- Students work together in groups to check they know all the meanings of the words on their half of the crossword. They can refer to a dictionary if necessary.
- Pair one Student A with one Student B. They are not allowed to look at each other's crossword.
- Students take it in turns to define the words that appear on their half of the crossword to their partner, using defining relative clauses (*It's a place where ...*, *This is a person who ...*, etc.). The partner has to guess the words and write them in his/her own crossword.
- Students continue until they both have a completed version of the crossword.
